Private Sector Investment Survey (PSIS) 2015

A. Background

1. Introduction:

Bank of Uganda (BOU), in collaboration with Uganda Bureau of Statistics (UBOS) and Uganda Investment Authority (UIA), are conducting the fourteenth survey of Private Sector Investment in Uganda. The survey will collect data on private capital, which includes stocks for the calendar years 2013 and 2014, flows during 2014 and Investor Perceptions for the year 2015.

The grossed-up findings of the PSIS 2014 revealed that Foreign Direct Investment (FDI) transactions during 2013 declined by US\$109.3 million to US\$1,096.1 million from US\$1,205.4 million received in 2012. The decrease in FDI in 2013 was mainly on account of lower foreign borrowing from affiliated enterprises. Net inflows of borrowings from foreign affiliates decreased by US\$89.2 million to US\$247.8 million during 2013 compared to US\$337.0 million recorded in 2012. The detailed results of the survey and other previous survey findings can be accessed or downloaded from the Bank of Uganda websites at: <http://www.bou.or.ug> or through formal requests to the Director, Statistics Department, BOU.

2. How do you benefit?

The regular PSISs' are a rich source of evidence-based information that facilitate effective planning and policy formulation, which benefits both the public and private sectors.

3. Why do we need to collect this information?

The information is a key input in the compilation of Uganda's Balance of Payments (BOP) and the International Investment Position (IIP) statistics. It is also important for assessing the perceptions of private investors on the investment climate and to provide information for the Uganda Business Inquiry (UBI).

B. Guidelines

1. Who needs to complete this questionnaire?

The Chief Executive Officer or a designated representative of the targeted enterprise shall fill the questionnaire.

2. Which parts of the questionnaire do I have to fill?

While the questionnaire might look long, please note that it is unlikely that all parts of questionnaire will be relevant to your enterprise, and you may not need to fill them in. **Please complete Part 1, 2 and 5, which are compulsory**, and refer to the three (3) filtering questions in **Table 1.12** (page 8 of 17) to identify those **questions that will be relevant to your enterprise** in order to save your valuable time.

3. What is the Legal Mandate to collect this data?

The stakeholder institutions are empowered to collect this data by the **Investment Code 1991**, the **Uganda Bureau of Statistics Act, 1998** and the **Foreign Exchange Act, 2004**. We wish to re-assure you that all information provided by your entity will be treated with strict **confidentiality** and will be used only as aggregated statistics for analysis and policy formulation purposes.

The interviewers and staff involved in the PSIS 2015 are under oath of secrecy not to disclose any entity specific information to a third party individual/entity. The data/information collected will only be published in aggregate form.

4. Why are Financial Statements required?

Much of the information required for this survey can be obtained from your annual financial statements covering the years 2013 and 2014. **Please provide a copy of your financial statements covering calendar years 2013 and 2014 along with the duly completed questionnaire to avoid call backs for clarification where needed.**

5. Do you need assistance?

Our interviewers are available for guidance on how to complete this questionnaire. In addition, the following offices are open for any further inquiries or clarifications;

Title	Department/Institution	Telephone	E-mail address
Director	Statistics Department, BANK OF UGANDA. P.O. BOX 7120, Kampala.	0414-231036	kegesa@bou.or.ug
Director	Directorate of Business & Industry, UGANDA BUREAU OF STATISTICS P.O. BOX 7186, Kampala	0414-706017	peter.opio@ubos.org
Director	Investment Facilitation & Aftercare UGANDA INVESTMENT AUTHORITY P.O. BOX 7418, Kampala	0414-301000	byensi@ugandainvest.go.ug

6. What do I do after completing the questionnaire?

The duly filled questionnaire will be collected by the assigned interviewer or can be returned to the office of the Director, Statistics Department, Bank of Uganda, Plot 37/45 Kampala Road, P.O. Box 7120 Kampala before or within **fourteen (14) days from the date of delivery**. We encourage you to request and complete an electronic questionnaire should you prefer one and to submit it by email to: bop@bou.or.ug.

7. Will there be any feedback?

Yes! We will share with you the results of this survey in aggregate form and seek your further involvement in this exercise, as was the case in the earlier surveys. Aggregated results will also be posted on the following websites: <http://www.bou.or.ug> or <http://www.ubos.org> or <http://www.ugandainvest.go.ug>

THANK YOU FOR YOUR CONTINUED COOPERATION

D. Definitions

This questionnaire contains technical terms some of which are explained below in the context in which they are used for the purpose of this survey. However, if you still encounter problems, and/or are uncertain of any terms or questions, please do not hesitate to call or email us for clarification (*please refer to the contacts in the Guideline No.5, Page ii for any assistance*).

1. Residency

Parts 1, 3 and 4 are interested in operations between residents and non-residents only. Note that Residency is based on the centre of the economic/business interest. You are a resident if you have lived or operated (or intend to live or operate) in Uganda for a year or more, regardless of your nationality. Non-resident individuals or entities are those that have lived or operated (or intend to live or operate) outside Uganda's territory for a year or more (even if they are Ugandan). International Organisations that have shareholders who are governments such as the East African Development Bank (EADB), African Development Bank (AfDB), International Finance Corporation (IFC) etc should be treated as non-residents.

2. Investments and investment relationships

A direct investment relationship arises when an investor resident in one economy makes an investment that gives control or a significant degree of influence on the management of an enterprise that is resident in another economy. **Control** is determined to exist if the direct investor owns more than 50 per cent of the voting power in the direct investment enterprise (also called a subsidiary). A significant degree of **influence** is determined to exist if the direct investor owns from 10 to 50 percent of the voting power in the direct investment enterprise (also called associate). Therefore, Direct Investment is defined as any ownership stake held by a non-resident in your entity that is 10% or more of total equity. The control or influence may be immediate (through ownership of voting power) or indirect (through ownership of enterprises that in turn have voting power). Ownership in your entity by non-residents that is less than 10% of the total equity is considered as **Portfolio Investments (PI)**.

However, there are other investment relationships that are also of interests. These include your entity owning more than 10% of the total equity of a non-resident investor that in turn holds less than 10% of your equity stake. The 10% holding by such a non-resident investor is referred to as reverse investment and the non-resident investing enterprise is called a **Direct Investment Entity (DIE)**.

In addition the survey is interested in obtaining information about non-resident investors who have less than 10% of the entity's equity but are also owned by another non-resident entity that has interest in your entity. Your entity and the non-resident investing entity with less than 10% of total equity are referred to as **Fellow Enterprises (FE)**. These relationships are required in **Tables 1.2, 1.3, 3.1, 3.2, 3.3, 4.1 and 4.2**.

3. Book Value (Own Funds at Book Value)

Tables 2.1 and **4.1** require reporting on the basis of book values. **Book value** comprises of paid up share capital (at historical cost), share premium reserves, accumulated retained earnings, revaluation and any other financing item of an entity. These items should be readily available from your entity's financial statements. The statement of changes in equity is useful for completing **Table 2.1**. Accountants and financial managers refer to this as 'shareholders' funds' or 'owners equity'.

4. Inter-company transactions

This is requested for in **Tables 3.1 and 3.2** for foreign debt liabilities, and **Tables 4.2** for foreign debt assets owned by resident entities. These are borrowings or lending between your entity, and **affiliated** (i.e., not independent) non-resident entities where a shareholding relationship exists (e.g., head offices, branches, associate entities, subsidiaries). Note that, this should include **trade credits** (buyers' and suppliers' credit) if the transaction are between related entities.
